

Argentine TANGO with

Korey Ireland & Mila Vigdorova

KOREY IRELAND

Korey Ireland, a professional composer turned tango-enthusiast, brings a lifetime of musical experience and artistic creativity to his teaching. His dancing, developed on social dance floors of the world's tango capitols and guided by spectacular teachers, is informed, elegant and musical. Originally from Kansas City, Korey has spent most of the last three years teaching tango in England, Spain, Holland, Germany, Russia and Argentina.

MILA VIGDOROVA

Mila Vigdorova, a dancer all her life, discovered tango in 2000 and has hardly missed a milonga since. She spent all her money and vacation time on tango travel from Russia to European festivals and Buenos Aires. In 2003 she opened a tango school in Moscow. In 2005 she performed with Dani Flaco and Jorge Firpo in Buenos Aires. She met Korey at El Corte the same year and since then they have been traveling and teaching together.

Korey & Mila are offering a limited number of private lessons. To schedule private instruction or for answers to questions contact Barbara at (801) 718-4736.
